

Fig. 1

Fig. 2

FIG. 2 is a perspective view of the container 30. The container 30 is shown with a dashed line indicating a fold or hinge line 44. The container 30 includes a top rim 38, side walls 34 and 48, and a bottom flange 46. The container 30 is shown in a partially collapsed state, with the side walls 34 and 48 folded inward.

Fig. 3

Fig. 4

FIG. 1 is a perspective view of a cylindrical container assembly 7. The assembly includes a top rim 66, a main body 64, and a bottom rim 62. A central opening 74 is visible at the base. A cross-sectional view 78 is shown at the bottom right, illustrating the internal structure of the rim.

Fig. 6 is a cross-sectional view of a vertical member 76. The member has a horizontal base 62 at the bottom, which transitions into a vertical section. The top of the vertical section is labeled 78. The member 76 is shown with a hatched pattern, indicating a specific material or cross-section.
